STATEMENT ON MADISON COUNTY TELEPHONE CO.  
CPNI OPERATING PROCEDURES

Madison County Telephone Company (the "Company") has operating procedures designed to ensure that the Company is in compliance with the FCC's Customer *Proprietary Network Information* ("CPNI") rules. The Company has implemented a system by which the status of a customer's CPNI approval can be clearly established by Company personnel prior to their use of CPNI. Company personnel are trained as to when they are and are not authorized to use CPNI, and personnel are subject to disciplinary action for failure to comply with CPNI rules. The Company does not use CPNI in its sales and marketing campaigns, but if it ever does so, it will keep records of that use. The Company maintains records of all instances in which CPNI is disclosed to third parties, and those records are maintained for at least one year. The Company has established a supervisory review process regarding compliance with the CPNI rules. The Company will provide written notice to the FCC within five business days of any instance where the required opt-out mechanisms do not work properly, to such a degree that consumers' inability to opt-out is more than an anomaly.
